You can edit this page right now!

Welcome to Wikipedia, a collaborative project to produce a complete encyclopedia from scratch. We started in January 2001 and already have over 15,000 articles. We want to make over 100,000, so let's get to work--anyone can edit any article--copyedit, expand an article, write a little, write a lot. See the [Wikipedia FAQ](#) for information on how to edit pages and other questions.

The content of Wikipedia is covered by the [GFDL Free Documentation License](#), which means that it is free and will remain so forever. See [Open content](#) and [Free content](#) for background.

A screenshot of the website for The Pirate Bay, a BitTorrent tracker. The header features a logo of a pirate ship and the text "The Pirate Bay - the world's largest BitTorrent tracker". Below the header, there is a banner with various links and a message about a temporary redesign. The main content area shows two tables: "Aktiva avlandare" (Active downloaders) and "Top 5" (Top 5). The "Top 5" table lists the most downloaded files, including "Avatar (2009) DVDRip XviD-MAX" and "2012 (2009) BD-DVDrip XviD-MAX". The "Aktiva avlandare" table shows a list of active downloaders with their IP addresses and download speeds. At the bottom, there is a section for "Sök efter torrent" (Search for torrent) and a "Nyckelord" (Keywords) search bar.
