

A black and white still from the movie 'The Thing from Another World'. The scene is set in a dark, industrial-looking interior. In the center, a figure stands in a brightly lit doorway, silhouetted against the light. The figure appears to be wearing a dark, form-fitting suit. Several men are visible in the foreground, their faces partially obscured by shadows as they look towards the figure in the doorway. The overall atmosphere is tense and mysterious.

Sure I want to fight Communism -but how?

With **"TRUTH DOLLARS"**—that's how!
Your "Truth Dollars" fight Communism in its own back yard—behind the Iron Curtain. Give "Truth Dollars" and get in the fight!

"Truth Dollars" send words of truth and hope to the 70 million freedom loving people behind the Iron Curtain.

These words broadcast over Radio Free Europe's 29 transmitters reach Poles, Czechoslovaks, Hungarians, Romanians and Bulgarians. RFE is supported by the voluntary, cooperative action of millions of Americans engaged in this fight of good against evil.

How do "Truth Dollars" fight Communism? By exposing Red lies... revealing news suppressed by Moscow and by unmasking Communist collaborators. The broadcasts are by artists in the native

languages of the people to whom they are beamed.

Radio Free Europe is hurling Communism in its own back yard. We know by Red efforts to "jam" our programs (so far without success). To successfully continue these broadcasts, even more transmitters are needed.

Every dollar buys 100 words of truth. That's how hard "Truth Dollars" work. Your dollars will help 70 million people resist the Kremlin. Keep the truth turned on. Send as many "Truth Dollars" as you can (if possible, a dollar for each member of your family). The need is now.

FIGHT COMMUNISM

The Thing (1982)

John Carpenter

„[...] Der seine Science-Fiction- und Horroreffekte perfekt setzende Film hat nur noch wenig mit seinem berühmten Vorgänger (1951) zu tun: Er wurde in erster Linie ein Ausstellungsstück für die verblüffenden Möglichkeiten der Trick- und Spezialtechniken des modernen Hollywood-Kinos, doch angesichts der damit produzierten Ekelszenen, Blutorgien und Leichensezierereien mag man solche Trickkunst kaum würdigen. Carpenter begnügt sich mit der Sensation [...]“
